

Good day to one and to all,

First off we would like to thank everybody for making Valentine's Day and the whole month of February a great success. We appreciate your continued patronage!

The month of March marks the return of Earth Hour. On Saturday March 28th at 8:30pm we will be shutting off all possible sources of power for an hour. Guests will be dining by candlelight for at least an hour...maybe a little bit longer. For more details check out www.EarthHourCanada.org

Wine dinners have been a ritual at Juniper and we will continue to make it so. As many of you know we now host a limited 16 seat wine tasting dinner on the last Tuesday of every month. March 31st has sold out quickly and we are already looking forward to April 28th.

For those of you who just can't wait that long, we are holding a Wolf Blass Wine Tasting Dinner on Thursday April 2nd. The incredible menu is posted on our website. Back by popular demand, Mr. Mark Bruni, Wolf Blass Wine Educator will be hosting a five course meal prepared by Chefs Richard Nigro & Norman Aitken for \$125 (excluding taxes & gratuity). The evening begins at 6pm with bubbly and canapés in the lounge. After tantalizing your taste buds, the dinner will start at 7pm, providing you with a food and wine extravaganza. This is our third Wolf Blass Wine Dinner and we hope to repeat history by selling out quite early. For those who haven't heard, Wolf Blass received the Red Winemaker of the Year Award by the International Wine Challenge in London, England. A remarkably prestigious honour!

Hope to see you then.
